Antenna Design
Designing a Inset-Fed Rectangular Microstrip Patch Antenna
Parametric Simulation
Perform sweep simulations (length, width, etc.) via EM software
Data Acquisition
Collect Resonant Frequency, Bandwidth,magnitude and and preparing a dataset
Input Dataset Preparation
Training Set
(80%)
Testing Set
(20%)
All types of Machine Learning Regression model
If Error is not satisfied
Evaluation
Error Metrics
(MAE,MSE,RMSE,MSLE,RMSLE)
Best Model as Final Prediction
